TRUTH IS STRANGE

A Wonderful Story Told by a

His Remarkable Statements Borne Out by the Facts.

Certainly Our People Should Thoroughly Understand This Matter.

Alexander Bell is a retired captain of the Portland, (Me.) police force.
He has a strange and wonderful story

to tell.

Now Mr. Bell is an old Grand Army man; indeed, was one of the founders of the famous Bosworth Post, G. A. R., and the famous Bosworth Post, G. A. R., and is widely known and much respected throughout the state of Maine. We will let him tell his remarkable

story in his own way:

"I have had two strokes of paralysis, the first about four years ago, the second in January, 1821. My left side was completely paralyzed, face drawn, arm and leg immovable. "On account of my advanced age of 75 years, and this being a second attack, my physician pronounced my case hope-

"I was finally induced to try Dr. Greene's Nervura blood and nerve remedy and soon began to improve, the muscles of the face straightened, then my arms began to gain, and I began to walk after having used three bottles of

"My arm I can now place to my head and have fair use of it, and with a cane have walked as far as two miles and a

"From being a helpless paralytic, having to be dressed and cared for by

about the city and enjoy fair health.

the use of Dr. Greene's Nervura blood
and nerve remedy I used no other medioins.

icine.

"The result surprised and astonished all my friends, and they have urged me to make this statement as a matter of justice and to encourage others who may be similarly afflicted.

"I will also state that I was a soldier in the late war and served 15 years on the police force of Portland.

"ALEXANDER BELL,
"144 Lincoln st., Portland, Me."

MR. ALEXANDER BELL.

This is indeed a most remarkable cure by a wonderful medicine a medicine which is beyond all doubt the greatest nervine and blood remedy ever discov-ered. The Portland doctors are astounded at its effects in diseases which have builled their skill. Mr. Bell's restoration should make everybody suffering from paralysis or any nervous disease use Dr. Greene's Nervura blood and nerve remedy without

But do not wait until you are actually paralyzed before using this great remedy. It will always prevent paralysis, nervous debility and nervous prostra-tion if taken when the first symptoms

appear.
Particularly should it be taken in the spring when everybody needs a spring medicine to strengthen their nerves and invigorate their blood. Take it if you have a weak and tired feeling with weariness of the limbs, numbness, trembling, palpitation of the heart, prickling sensa-tion in fingers and toes, headaches, dull feeling in head, confused mind, nervous ness, sleeplessness, loss of memory. It will overcome indigestion and dyspepsia, reg-ulate the bowels and cure liver and kidney complaints. It is the best blood en-

richer and invigorator in the world, and should therefore be used by all.

It is purely vegetable and perfectly harmless, and should you be a sufferer from disease you will use it if you are wise. We would add that, although rold by druggists, it is in no sense a patent medicine, being the prescription and discovery of Dr. Greene of No. 35 West Fourteenth street, New York, who is the most eminent specialist in the country in the treatment of nervous and chronic diseases. Sufferers have the priviledge also of consulting the famous doctor free of charge personally or by letter.
